Production and recording studios

Purpose:
Studio rooms

Dimensions:
Porto V | 415x375x1120mm

Dimensions:

The new Sessiondesk Speaker Stand Porto-V provides the most flexible and acoustically optimized solution for your speakers. Made of POLIPLIX, a Sessiondesk exclusive material, the stand is available in a selection of beautiful, durable natural wood finishes. Equipped with Superspikes and a massive core, the Porto-V is acoustically designed for perfection.

Porto-V is highly versatile, allowing you to adjust the angle, height and position of the head plate.
